R. No. 29063/Mal.

Station Madras, Dated the 26th September 1935.From (Name) Lieut. Col. C.M. Ganapathy, M.C., I.M.S.,(Designation) Director of Public Health,
Madras.To The ^{Joint} Secretary to the Government of Madras,

Local Self-Government (Public Health) Department.

Sir,

In forwarding herewith a copy of the letter H.C.R. No.297/35 dated 17.9.35 from the Commissioner, Municipal Council, Hospet regarding the grant from the Government for antimalarial operations, I have the honour to state that the council has sanctioned a sum of Rs.700/- only for the current year and work was actually started by the middle of August last when the Malaria Officer demonstrated the method of application of paris green. The Municipal Health Officer has since reported that paris greening operations have been systematically carried out since, 4 coolies and 1 maistry being employed for the purpose. From the actual working of the scheme upto date, it is reported that on the

12p 3-4 m fra

average about 60 acres of water surface have to be treated and therefore about 60 lbs. of paris green used up every week. The cost of paris green required for 6 months thus comes to Rs.1,045/- at Rs.75/- per cwt. The pay of 4 coolies at Rs.12/- each a month and 1 maistry at Rs.15/- a month comes to Rs.378/-. Adding the sum of Rs.77/- for contingencies, the total cost of the revised scheme comes to Rs.1,500/- which excludes however the cost of the maintenance of the Roya and Basavanna channels free from weeds for which purpose Government have been pleased to direct me to provide a sum of Rs.432/- in the budget proposals for 1936-37 towards the pay of 6 coolies at Rs.12/- per head per month. (vide G.O.No.936 P.H. dated 24.4.35). (I)

In my letter to the Government R.No.181/Mal. dated 10.6.35, *pp 56-559 (I)* I stated that the question of any grant to the municipality need not be considered then so long as the municipality^{have} made no request on this behalf and so long as they agree to get one of their two Sanitary Inspectors trained in malaria work and depute him for supervising antimalarial operations. Although the Council have not yet met and agreed to provide a sum of Rs.1,000/- for next year for antimalarial operations, I now recommend the Commissioner's request for an one-third grant of Rs.500/- on this behalf, provided however that this grant is subject to the following conditions:-

- i. The council agree to provide a further sum of Rs.800/- and meet the full cost of the antimalarial operations *in the current year.*

The Council provide a sum of Rs.1,000/- for the purpose in the year 1936-37 *towards 2 1/2 the cost of the scheme.*

- iii. The grant will be made only in March, 1937 when the scheme has been carried out in full to the satisfaction of the Government as advised by the Director of Public Health.

In this connection, I also enclose for the information of Government a copy of the letter H.C.R.297/34 dated 24.7.35 from the Commissioner, Hospet Municipality to me detailing the poor financial condition of the municipality and its consequent inability to meet the full cost of the scheme.

In my budget proposal for 1936-37, I shall include a provision of Rs.500/- towards one-third grant ^{to} of antimalarial operations in Hospet municipality in addition to the sum of Rs.432/- which the

3.

Government have asked me to provide for maintaining the irrigation channels in a clean state.

I have the honour to be,

Sir,

Your most obedient servant,

Lieut. Col., I.M.S.,
Director of Public Health, Madras.

PRH.

Dec 28/9/35

Copy of letter H.C.R.297/35 dated 17.9.35 from the Commissioner, Hospet Municipality.

The subject for the sanction of the cost of antimalarial scheme for 1936-37 has been placed before the Council on 30.9.35 and I shall communicate the resolution of the Municipal Council as regards the bearing two-thirds of the cost of the scheme, if the Government would be pleased to give one-third grant in addition to the sum they have agreed to provide for the maintenance of the irrigation channels in weed free condition. The Council could not meet earlier and hence the delay. I request you to kindly include the sum equivalent to the one-third of the cost of the scheme in your budget proposals. From the present findings, the scheme is estimated to cost Rs.1,500/- during 1936-37 and so a sum of Rs.500/- may kindly be included in your budget proposals.

Copy of letter H.C.R.No.297/34 dated 24.7.35 from the Commissioner, Municipal Council, Hospet.

Indents for the supply of paris green and blower were placed with Messrs. Wilkinson Heywood and Clark and Dharmasee Murarji, Chemical company respectively. But they have replied stating that they have no stock of the article asked for. As per your letter R.No.20218 dated 15.7.35, I have written to Messrs. Smith Stanistreet & Co., Calcutta to report whether they will be able to supply the necessary quantity of paris green and their reply is awaited.

The need for carrying out the entire scheme of antimalarial operations as suggested by the Malaria Officer has been pretty well realised by the Council, but for the extremely bad financial position of the Municipality, the Council would perhaps have gladly sanctioned the entire amount of Rs.2,250/-. The Municipality is already working with a deficit of Rs.14,000/- in spite of a loan of Rs.1,35,000 borrowed. In order to have a balancing budget, it is contemplating to another sum of Rs.40,000 Under the above circumstances, I request you to kindly move the Government to bear the balance of Rs.1,550/- in order to work the entire scheme. The liberal treatment meted out by Government is acknowledged with extreme gratitude, and it is extremely requested that the Government will be pleased to sanction Rs.1,550/- to carry out the entire scheme of antimalarial operations.

R. No. 29063 Mal.

Station Madras, Dated the 11th November 1935

From (Name) Lieut. Col. C.M. Ganapathy, M.C., I.M.S.,
(Designation) Director of Public Health,
Madras.

To The ^{Joint} Secretary to the Government of Madras,

Local Self-Government (Public Health) Department.

Sir,

In forwarding herewith a copy of the letter H.C.R.No. 297/34 dated 6th November 1935 from the Commissioner, Hospet municipality together with a copy of the resolution of the Council, I have the honour to state that the Government may satisfy themselves by an examination of the financial condition of the municipality whether they will be able to provide extra funds or not. If, after such examination the Government consider that the Council can provide for the extra expenditure, they might be pleased to issue instructions accordingly. If, however, they find that the Council

as per

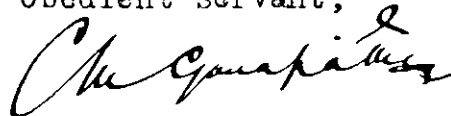

~~3.~~

Council will be unable to do so, I recommend that the Government may be pleased to include the grant as part II scheme for the next year so that the comprehensive scheme of antimalarial operations may be brought into full effect at least with effect from 1.4.36 towards which the Council have already agreed to provide two-thirds of the cost of the ~~work~~.

I have the honour to be,

Sir,

Your most obedient servant,

Lieut.Col., I.M.S.,
Director of Public Health, Madras.

Copy of letter H.C.R.No.297/34 dated 6.11.35 from the Commissioner, Hospet Municipal Council.

The subject was placed before the Council on 31.10.35 and a copy of the Resolution is herewith sent.

Copy of the Council Resolution No.395 dated 31.10.1935.

Read:-Correspondence ending with letter R.No.29063 mal. dated 21.10.35 from the Director of Public Health, Madras recommending to provide a further sum of Rs.800/- to meet the full cost of antimalarial operations in the current year.

Resolution:- No funds for the current year. This council would provide for the full scheme in 1936-37 and requests the Government to give 1/3 of the cost as grant.

Sd. M.V. Swamy,
Chairman, M.C.

PRK.

SG(P.H) Dept

Cw 41413 from the D.P.H R^{no} 29063/mal
of 26-9.35

Subject

Grant - Hospet Municipality.
- Scheme of anti-malarial operations

With a view to control malaria
in the ^(Hospet) Municipality where the disease is
moderately endemic, the D.P.H recommends
the ~~the~~ following measures :-

pt 1-2 of No 936 PH (I)
24-4-35

(1) The maintenance of the
Raya and Basavanna extension channels
free from weeds

(2) Treating the tributary
channels in the paddy and
sugarcane fields and the fields
kennels with Paris-Green.

(3) Stocking garden wells
with larvicidal fish and

(4) filling in gradually pits
that have yet to be filled in and filling
them until they are filled in

in No 936 P.H of 24-4-35

(I)

the Govt. approved the above scheme of measures and sanctioned an expenditure of Rs 1348 for the clearance of weeds on the banks of the two channels referred to above. They also stated that they would make a contribution of Rs 432 a year from 1936-37 onwards to the m. c. l. for keeping the channels in a sanitary condition. With reference to other measures the D.P.H. now reports that the m. c. l. has to find Rs 1500^{a year}. [Originally it was estimated pp 1-3 Cf. that the Council should find Rs 250 a year] The D.P.H. states that although the Council has not yet met and agreed to provide a sum of Rs 1000 to meet its share ($\frac{2}{3}$ rds) of the cost of the scheme, a grant of Rs 500 (one-third) may be provided for the purpose in the next year's budget ⁽¹⁹³⁶⁻³⁷⁾ Subject to the following conditions: -

- (1) The Council agrees to provide a further sum of Rs 800 (the c. l. has already sanctioned Rs 200) and meet the full cost of the anti-malarial operations in the

4

Current year.

(2) The Council provides a sum of Rs 1000 for the purpose in the year 1936-37 towards $\frac{2}{3}$ rd cost of the scheme.

(3) The grant of Rs 500 will be made only in March 1937 when the scheme has been carried out in full to the satisfaction of the Govt as advised by the D.P.H.

2/. The proposal of the D.P.H is a Part II scheme for 1936-37. In the case of Vizagapatnam

(for 2.18.37. probably)

municipality where the D.P.H ~~also~~ proposed ~~that~~ the payment of one-time grant for a scheme of anti-malarial operations, the Govt ^{inter alia} said that they would be prepared to consider the question of making a grant subject to the condition that the Council agreed to continue the scheme even in years ~~where~~ for which no grant from

Provincial funds would be given. The financial position of the Hospet municipality is not satisfactory and the

p 4 cf. cost of anti-malarial operations is now being carried out is met every year from the hospital savings with the approval of the Govt. The

point for consideration is whether
 the Hospital m.t. cl. should also
 be asked to give ^{such} an undertaking
 to continue the scheme even
 in years for which no grant is
 given, before the question of making
~~for~~ a grant to it is further
 proceeded with. The cl. may at
 anytime wind up the scheme
 on account of its poor finances
 and even if an undertaking as
 stated above is given, the cl. ^{might} ~~may~~ in future years
~~not be able to~~ ^{fulfill it if} ~~perhaps be~~
~~it is~~ compelled on financial grounds
 to suspend the scheme. As
 far as the pub. are concerned,
 they must see that ~~the funds~~
~~invested in the scheme~~ there
 is no set-back to the progress
 of made by the adoption
 of anti-malarial measures,
 carried out with the help of their
 grant. In the present case,
 the measures are ^{mainly} ~~only~~ filling
 in the pits and oiling them.
 and treating the channels and
 fields with Paris-green. ⁱⁿ ~~of the~~ ^{any}
 year these measures are not

U

5

carried out by the m.c., it does not appear that there will be any serious set back to the progress made by the adoption of these measures in the previous years. The D.P.H. maybe consulted too. He may also be requested to state whether the m.c. has since agreed to meet its share of the cost of the scheme from its funds and also ~~provided~~ ^{sanctioned} Rs 800 a further sum of Rs 800 for expenditure on the scheme during the current year.

He may be requested to treat this ^{and return it before 23-X-35} specially urgent as too Part II scheme should reach Finance before 1-11-35.

In the meantime, please note separately ^{on the financial position of the M.C.}

av
14-X

Wdy
14-X

14/10

14/10

The commitment of Govt depends upon the

resources & availability of funds. Govt may sanction the grant subject to the condition specified by D.P.H. and subject to the Govt's

Yes.

The D.P.H. may be asked whether he agrees.

14/10

Understand that
there is no guarantee that
this grant will be continued
in future years, unless
funds are available.

~~As~~
~~Is~~
A scheme may be
prepared for health
& finance
Is/In

~~Therefore, it is suggested that the grant should be~~
~~the committee in regard to the marginal~~
~~work on the side. It is suggested that the grant~~
~~be made available for the purpose.~~

The proposal is to sanction
a grant of Rs 500 in 1936-37
to the Hospital which towards the
cost of anti-malarial measures
estimated to cost Rs 15.00^{approx} subject
to the following conditions

(1) The Council agrees to provide
a further sum of Rs 800 and to meet
the full cost of the anti-malarial operations

on
17/1

A

in the current year

(2) The Council provides a sum of Rs 1000 for the purpose in the year 1936-37 towards the cost of the scheme

(3) The grant will be made only in March 1937 when the scheme has been carried out to the satisfaction of the Govt as advised by Secy D.P.H.

(4) It is further confirmed that this grant will be confirmed in future years unless funds are available.

Before the above scheme is sent to Finance. It should definitely be known

the various essential aspects of the

Ref. 10/2 for the conditions proposed. The D.P.H. may be asked to report thereon.

and may be sent to him no. and he may be

requested to place this special and

the case with his remarks

before the 25th instants.

air 27.3.35

8/10/35

22/10/35

Serial no. 41413-10.PH

8/10/35

The

87

46

The net receipts and charges of the Council under the General Account, ordinary, are shown below:-

	1933-34 Actuals	1934-35 Actuals	1935-36 B.E.
Receipts	53,920	56,772	61,050
Expenditure	57,680	56,820	60,800
Surplus or Deficit	-3,760	-48	+ 250

It is observed that excess credits have been taken in the B.E. under General ~~property~~ ^{property} and scavenging taxes and profession tax. Apparently the Commissioner expects to collect the arrears of previous years. In normal years the total receipts under the ^{three} above heads together are likely to be ~~be~~ only about Rs. * 23,549 (current demand for 1934-35) as against ^{the difference being Rs 5101} Rs. 28,650 according to the B.E. for 1935-36. The municipal council will thus work at a ~~small~~ deficit of about Rs. 5,000 under the General Account in ordinary years. (There would have been a similar deficit ~~for~~ in 1934-35 if the credit taken for arrear revenues be excluded.) The general financial position of the Council is therefore unsatisfactory.

* Property tax	Rs. 21,570
Scavenging tax	110
Profession tax	570
	<u>28,650</u>
⊗ Property tax	17,649
Scavenging tax	4663
Profession tax	427
	<u>22,540</u>

28650
23549
5101

It may however be mentioned in this connection that the municipal Council has provided in the B.E. for transfer of Rs. 6,000 to the W & D Account against Rs. 3,532 being the ^{saving} ~~savings~~ on account of the provincialisation of hospitals. Apparently the amount of Rs. 6,000 includes provision for expenditure in connection with anti-malarial operations during the current year.

Office of the Director of Public Health,
R.No.29063 Mal. Madras, 21st October 1935.

Ref: L.S.G.U.o. No.41413 -1 E.1 P.H. dated 18.10.35.

23 OCT 1935

In their resolution No.329 dated 30.9.35, the
Municipal Council have sanctioned a sum of Rs.1,000
towards two-thirds of the cost of antimalarial operations
in Hospet and the Commissioner in forwarding the resolution
of the Council has also asked me to recommend to the
Government the contribution of one-third grant.

A

With regard to the first condition that the Council
should agree to provide a further sum of Rs.800/- to
meet the full cost of antimalarial operations in the
current year, I have addressed the Commissioner and will
forward his reply on receipt. But as the matter will
have to be placed before the Council which did not
consider this condition in their meeting held on 30.9.35
and as it may take some further time before the Council
meets and decides the question, I request that the
Government may be pleased to include the scheme in time
before the due date for Part II schemes. The grant
may be sanctioned however subject to the conditions
mentioned by the Government in their u.o. note.

	Rs	Rs
Grant for anti-malarial operations in the Hospet Municipality.	<i>Non recurring</i>	<i>Non recurring</i>
	500	500

The anti-malarial operations in the Hospet Municipality are estimated to cost Rs 1,500 a year. The D.P.H. recommend that the Council may be given a one-third grant of Rs 500. L.S.G. support the proposal subject to the conditions mentioned at 'A' on pp.6-7 above. It is stated that the general financial position of the Council is not satisfactory and L.S.G. propose to allow the Council to meet its share of the expenditure from the hospital savings with the approval of Govt. From the D.P.H.'s note on p.9 it is seen that the Council has sanctioned a sum of Rs 1000 towards two-thirds of the cost of anti-malarial operations. A one-third grant is admissible for anti-malarial operations. Submitted that Finance may agree to a one-third grant of Rs 500 being considered as a Part II Scheme for 1936-37.

Grants - Non-recurring.

Grant ~~to the Hospital~~ for antimalarial

net of operations

500

500.

in the Hospital

Municipality

Note by the Administrative Deptt

With a view to control malaria in the
Hospital Municipalities where the disease
is moderately endemic, the DPH
recommended the following measures:-

(1) the maintenance of the Roys
and Basaranna ^{extension} channels free from
weeds

(2) treating the tributary channels

247

25

in the paddy and sugar cane fields and
the fields themselves, with Paris-green.

(3) Stocking garden wells with larvicidal
fish.

and (4) filling in gradually pits that
have yet to be filled in and oblige them
until they are ~~too~~ filled up.

The Govt. has approved the above
Scheme of anti-malarial measures.

They have also sanctioned an expenditure
of Rs 1340 during the current year

for the clearance of weeds on the
banks of the two channels referred to
above. ~~Provision was also to be made~~

~~in the C.B. & I. for 1936-37 onwards~~ for
the payment of a grant of Rs 432 ^{a year} to
the Hospet m.l.c. for keeping these channels

in a Sanitary Condition. ~~It is reported~~

~~that the D.P.H. has now~~

~~agreed to carry out the other measures~~
(items 2, 3 & 4 above)
recommended by the D.P.H. at an estimated

cost of Rs ~~1500~~ 1,500 a year. ~~It is reported~~

~~of this matter~~ The D.P.H. recommends
that ~~of this matter~~ a grant of Rs 500

limited to one-third of the cost of these
measures may be made to the m.l.c.
during 1936-37. ~~for the purpose~~

No 936 P.H. (1)
244-35

26

~~18~~ 3

One-kind grants are admissible to local bodies towards the cost of approved schemes of antimalarial measures. It is accordingly proposed to provide a sum of Rs 500 in the C.B.E. for 1936-37 for the purpose. Subject to the following conditions:-

(1) that the m.l.c. ~~express~~ provides a sum of Rs 1000 for the scheme in 1936-37. ~~the balance of Rs 500~~ ^{of the cost}

p. 13 of m.l.c.

(2) that the grant will be made only in March 1937 when the scheme has been carried out in full to the satisfaction of the Govt as advised by the D.P.H.

and (3) that there is no guarantee that this grant will be continued in future years unless funds are available

LOCAL SELF-GOVERNMENT (P.H.) DEPARTMENT.

NOTE FOR THE FINANCE COMMITTEE.

Part II Scheme for 1936-37.

[SUBJECT.—Grant to the Hospet municipal council for anti-malarial operations.]

Summary.

Head of account.	Item of expenditure.	Ultimate cost (non-recurring).	Cost in 1936-37 (non-recurring).
		RS.	RS.
33. b. Public Health— Grants for public health purposes—B. Miscel- laneous—Grants—Non- recurring.	Grant for anti-malarial opera- tions in the Hospet Munici- pality.	500	500

NOTE BY THE ADMINISTRATIVE DEPARTMENT.

With a view to control malaria in the Hospet Municipality where the disease is moderately endemic, the Director of Public Health recommended the following measures:—

- (1) the maintenance of the Roya and Basavanna extension channels free from weeds;
- (2) treating the tributary channels in the paddy and sugarcane fields and the fields themselves with Paris-green;
- (3) stocking garden wells with larvicidal fish; and
- (4) filling in gradually pits that have yet to be filled in and oiling them until they are filled in.

The Government have approved the above scheme of anti-malarial measures. They have also sanctioned an expenditure of Rs. 1,349 during the current year for the clearance of weeds on the banks of the two channels referred to above and have agreed to provide from 1936-37 onwards for the payment of a grant of Rs. 432 a year to the Hospet Municipal Council for keeping these channels in a sanitary condition. The municipal council has now agreed to carry out the other measures recommended by the Director of Public Health [items (2), (3) and (4) above] at an estimated cost of Rs. 1,500 a year. The Director of Public Health recommends that a grant of Rs. 500 limited to one-third of the cost of these measures may be made to the municipal council during 1936-37. One-third grants are admissible to local bodies towards the cost of approved schemes of anti-malarial measures. It is accordingly proposed to provide a sum of Rs. 500 in the Civil Budget Estimate for 1936-37 for the purpose, subject to the following conditions:—

- (1) that the municipal council provides a sum of Rs. 1,000 for the scheme in 1936-37, the balance of the estimated cost;
- (2) that the grant will be made only in March 1937, when the scheme has been carried out in full to the satisfaction of the Government as advised by the Director of Public Health; and
- (3) that there is no guarantee that this grant will be continued in future years unless funds are available.

R. SUBBAYYA—23-11-35.

NOTE BY THE FINANCE DEPARTMENT.

The proposal may be placed before the Finance Committee as a Part II Scheme for 1936-37.

Order Ms. No. 147, dated 21-4-1936

The Govt recommends
that a grant of Rs 500 be given
to one third of the cost of the
scheme may be made to the
State.

The Hospet Municipal Council has adopted a scheme of antimalarial operations with a view to control malaria in the municipality, ~~where the disease is moderately endemic.~~ The estimated cost of the scheme is Rs.1,500/ ⁱⁿ during 1936-37 ~~and the Municipal Council has agreed to provide in its budget for 1936-37 a sum of Rs.1,000/ to meet the next two thirds of the cost of the scheme and has applied for xx one third grant of Rs.500/ from Provincial funds. The D.P.H. recommends the request of the Municipal Council.~~ The Govt. accordingly sanction the payment of a grant of Rs.500/ to the Hospet Municipal Council during 1936-37 subject to the following conditions:-

(1) that the Municipal Council provides ^{being} the balance of the estimated cost of a sum of Rs. 1,000/- ~~for~~ the scheme ~~in~~

2. The grant sanctioned in para 1 above will be met from the provision in the Civil Budget Estimate for 1936-37 under "33 b- Public Health- Grants for Public Health Purposes- Transferred-Grants and Contributions- B. Miscellaneous grants-Nonrecurring - Grant to the Hospet Municipality for antimalarial measures."
